

Smart Village Academy

Sustainable Village Planning: Sustainability in 4-D

Peter Plant

Chairman, Torup Ting

Torup, Denmark

Sustainability

4 dimensions:

- Ecology
- Economy
- Social
- Culture

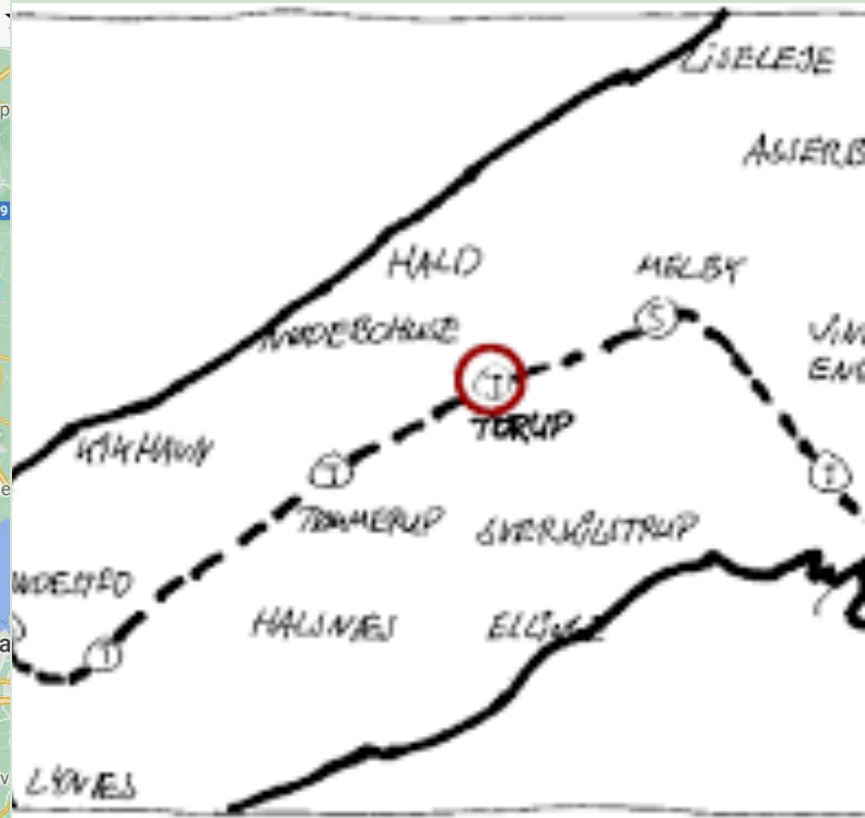

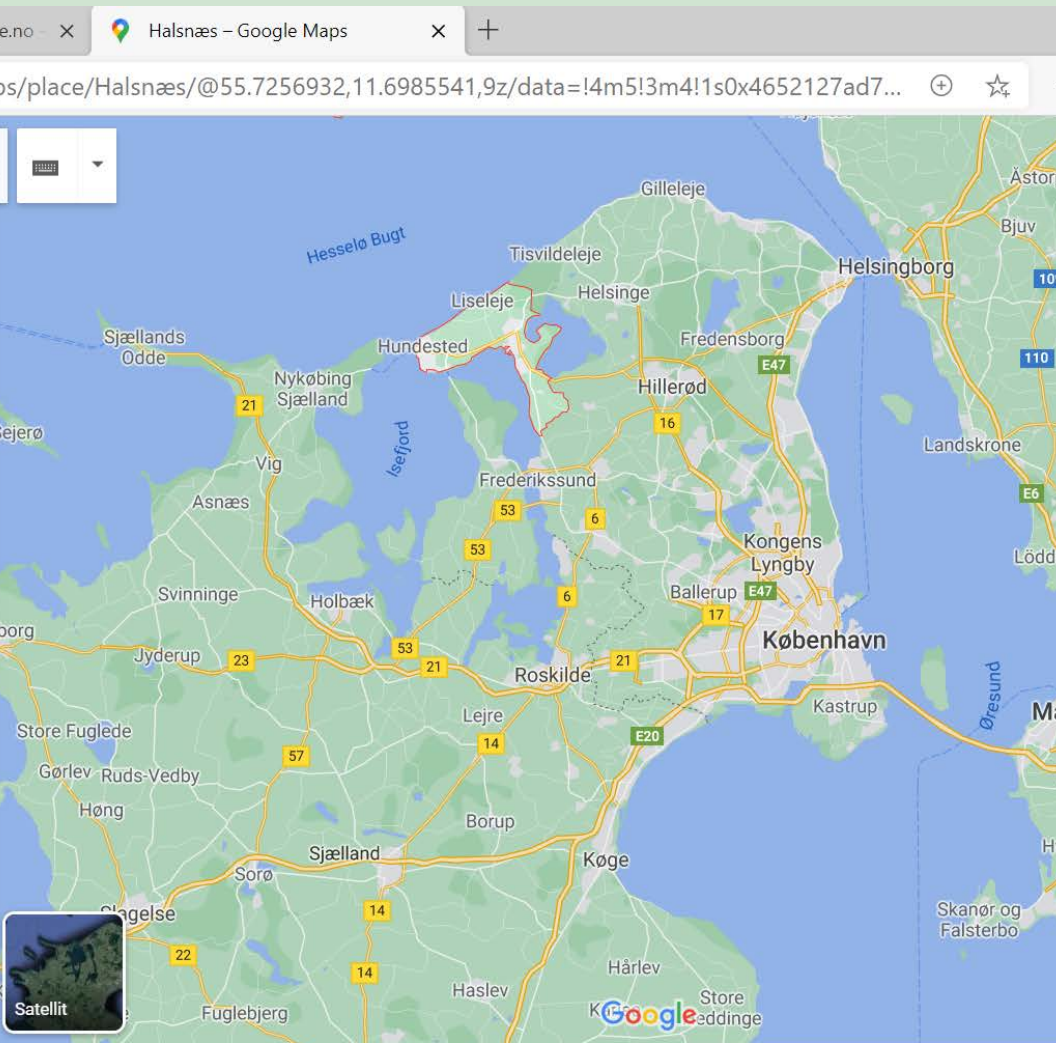

Why join the Smart Rural 21 project?

- Mutual learning & exchanges
- Showcase Torup: strategy of mindful growth; local fund: building on 30 years' of ecovillage experience
- Developing two sub-projects, linked to strategy: (1) common village heating system; (2) IT-based overview/app: *Tools & Talents*

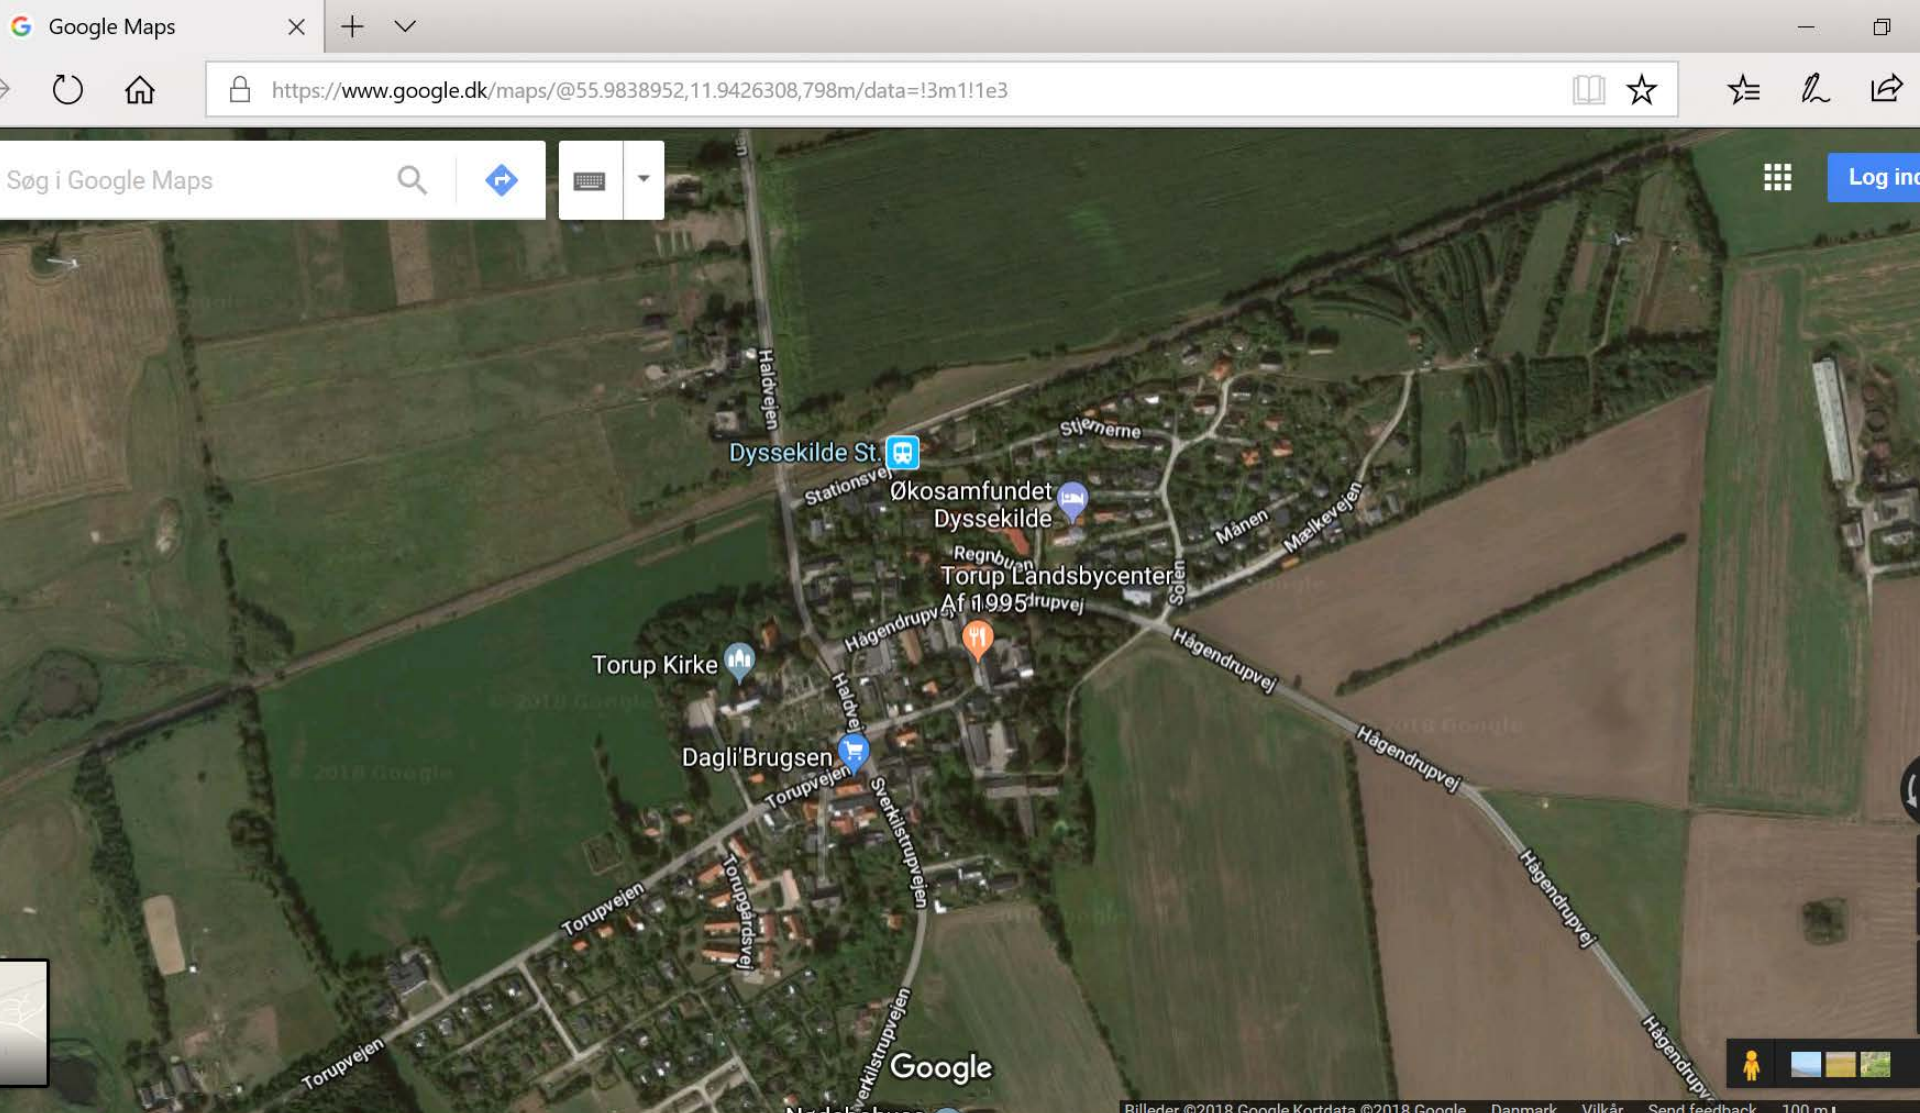

On the map

Torup, Halsnæs

Railway station, school, kindergarten, COOP/stores, church, assembly hall, restaurant, baker, 2nd hand bookstores, open/people's university, music hall, music festival, doc films, farming, farmers' market, local council

Raising standards

Upcycling old buildings: Dyssekilde Station

Dyssekilde Station restored (2011-12):
private funds, crowdfunding, Realdania,
EU's Local Action Group + voluntary work
Torup Bogby (books), commuterhub
(offices), Torup Market (farmers' market),
Dyssekilde Stationshave (common
garden), Sykkel (alternative transport),
Torup Repair Cafe (recycling)

Torup Ting

Tinge in old norse: to *negotiate*
